Aldrich Blake Testifies Against Walton

BLAKE STATE WALTON DECLARED MARTIAL LAW IN TULSA COUNTY WITHOUT INVESTIGATING RUMOR

SOUTHWESTERN CONFERENCE WILL OPEN SATURDAY

OKLAHOMA CITY, Oct. 25.—Gov. Walton declared martial law in Tulsa county "when no cause or reason existed therefor." The House voted 77 to 14 for impeachment, covering that charge. Aldrich Blake testified that the "governor heard about whippings in Tulsa county and ordered me to declare martial law. I do not believe that he investigated very much."

At 2:45 this afternoon, no report had been received of the decision reached in the Supreme Court hearing at Oklahoma City, by whom it was to be decided whether or not the Oklahoma Senate has the authority to suspend the Governor. The Court was still in session.

WALTON ALREADY IMPEACHED BY LEGISLATURE ON SEVEN COUNTS

OKLAHOMA CITY, Oct. 25.—With the State Supreme Court scheduled to meet at 1:30 o'clock this afternoon to iron a technicality in the dispute as to who is Governor of Oklahoma, M. E. Trapp, acting Governor, was virtually in control without a team today.

An alternative way of prohibition filed late yesterday in behalf of Trapp by Attorney General George E. Short superseded the temporary training order issued to Walton in district court yesterday and prevented its carrying for permanency, scheduled at 2 o'clock today.

Governor Walton and District Judge Tom Chambers, who sued the temporary order against Trapp, were slated for appearance before the court at the hearing this afternoon.

In his plea that the Supreme Court accept original jurisdiction and override the district court order enjoining Trapp from administering the State, Short pointed out that the State constitution defined the instance wherein a lieutenant governor may succeed to the chair and declared the provisions of the constitution had been met.

The point upon which the State court was to be called to decide today was the definition of the word "impeachment" as used in the constitution. It was to decide whether the term meant the filing of charges with the Senate by the House or the Senate itself on them. Attorney General Short was of the opinion that the case began when the House properly presented and filed the charges with the Senate.

The Senate, organized as a court of impeachment with Justice J. T. Johnson at its head, was to resume session here at 2:30 in the afternoon.

Governor J. C. Walton stood impeachment on seven counts when the House convened for consideration of the remain 7, charges at 9:30 o'clock today.

Roll call upon the five charges passed yesterday showed little change in the House ballot. The House voted 81 to 16, with seven members absent upon Article Four, the charge alleging corruption in the purchase of the Governor's Mansion from Walter Caldwell last summer. Number Five, a bribery allegation growing out of the bal-

COMMUNISTS MARCHING ON BERLIN SAYS REPORTS REACHING LONDON

STEEL MAGNATE PRAISES THE PRESIDENT IN FIRST SPEECH

NEW YORK, Oct. 25.—The hearty endorsement of the policies and record of President Coolidge was received by Judge Elbert H. Gray, president of the American Iron and Steel Institute, in his first address since the new chief executive took office.

The speech was full of optimism for the business future. "No reason to

fear there will be serious financial

commercial disturbance or depression

during the next few months if busi-

ness men do their part and coope-

rate with the President," Judge Gray said. "America cannot afford to take sides in the European tangle, just now," he said, adding that the United States would not be dominated by European developments.

Mr. and Mrs. W. W. Jackson of Tchucuana were Dallas visitors Wednesday, where they went to carry their son to a specialist for treatment in that city.

Ginners Report Shows Decline For This Year

WASHINGTON, Oct. 25.—Cotton of the 1923 crop ginned to October 18, totalled 6,100,579 bales, including 17,991 round bales, counted as half bales, the Census Bureau announced. Last year 6,978,821 bales were ginned in the same period.

Tonkawa school appropriation, was passed 70 to 26. The House cast a heavy vote upon Article 6, charging the suspension of the writ of habeas corpus, with 85 for impeachment to 19 in the negative.

The charge that the Governor prevented the meeting of the special session of the Legislature here Sept. 26, last summer, Number Five, a bribery allegation growing out of the bal-

lot of 78 to 16.

Arriving at 8 a.m. Lloyd George was met at Union station by an assistant Secretary of State and a representative of the British Embassy. The program arranged in advance pro-

vided for a call on Secretary Hughes

within an hour after arriving in Wash-

ington.

Lloyd George manifested great eagerness for this conference with Hughes. He wants to tell the Secretary of State his impressions of the American State of mind as he has seen it on his present tour. He wants to get from Hughes the latter's opinion as to the possibility of American ac-

tion in the near future to revive the Hughes plan for examination of

German's capacity to pay by an im-

partial economic commission.

Though he is not booked for any

formal speeches while in Washington,

Lloyd George will have a full pro-

gram. After calling on Secretary

Hughes today, he is to lunch with

President Coolidge and tonight will

dine with Secretary of the Treasury

Mellon. Either today or tomorrow, His Dame Margaret and Miss Megan will

be the guests of Mr. and Mrs. Wood-

row Wilson at tea.

THE MEXIA DAILY NEWS

Building Bureau is an office maintained by the Y. M. C. A. in the U. S. and Canada where expert and capable architects are employed on salaries for the purpose of giving the best expert services at a minimum cost to associations building Y. M. C. A. buildings, charging only sufficient to pay the actual cost of this service, and this bureau is maintained without any profit. At the present time this office is supervising the construction of a Y. M. C. A. building in Fort Worth and San Antonio and are now making plans for another city for the largest and most complete Y. M. C. A. building ever constructed in Texas. These men make a study of the requirements of all sizes and classes of communities where Y. M. C. A. buildings are constructed and their services are obtained at a very small cost.

In the instance of Mexia, their advice has already been valuable to Mexia, and those in close touch with the situation consider it fortunate that the building too expensive, too large and too elaborate was not built some months ago and that the building now being planned will not oversize Mexia's needs.

In the event the plans are received in Mexia by November 1st, as expected, it will take a few days to figure up the specifications and then a few days for the contractors to bid and it appears that the building operations should begin by December 1st. All this provided that the plans now being made meet with the approval of the local committee.

Mayor Ernest Watson, Commissioners Wilson and Forrest, City Engineer Morgan and Secretary Stollenwerck of the Chamber of Commerce, visited Dallas Wednesday where street sweeping equipment was inspected. On inquiry a member of the party states that it is the intention of the Commission to make some additional investigations, and he believes that the public can safely be assured that some satisfactory arrangement to clean the paved streets of Mexia will be made at a very early date.

Production of Motor Cars in Big Volume Requires Vast Resources and Facilities

Top picture shows Plant 2 of The Studebaker Corporation, South Bend, where the Light-Six models are manufactured entirely. The middle view shows Plant 1, also at South Bend, where the open and closed bodies, sprays, windshields, etc., for all models are made. Studebaker's Detroit plants are not shown in the above illustrations.

Studebaker's production record of 110,510 cars for the first eight months of this year—surpassing the record for the entire year of 1920—has caused wide comment in motor and business circles.

In an effort to keep pace with demand Studebaker produced, during the month of August, a total of 14,700 cars, which broke all records for a single month's production, and further goes to a continued heavy demand.

Such an achievement requires large physical and financial resources, an idea of which may be gained by the knowledge that the corporation's net worth totals \$10,700,000 including \$45,000,000 in plants.

Notable among these plants are the massive new factories at South Bend, Ind., in which the Light-Six models are manufactured completely. It is evident the result of significant systematic investigation and by the construction engineers and production men, and are regarded as among the most modern and efficient manufacturing plants in the world.

Innovation In Assembly

One of the greatest advances the automobile industry has made has been in the direction of building motor cars of lighter weight without the sacrifice of strength, thus making them sturdy and serviceable, yet economical in operation.

The Studebaker Light-Six is a striking example of such a car, and every detail in connection with the arrangement of the various factory buildings, the selection and placing of machinery and stock has been inspired by the desire on the part of Studebaker experts to manufacture the Light-Six on the most economical and efficient basis, and employs a restaurant.

Cowboys In Need Of Champions

HOUSTON, Texas, Oct. 25.—Is the romance of the "five and ten" scenario dead?

Those who claim that it has been driven from the plains by the clattering flivver hordes should read this.

Acting Mayor H. A. Halverton has received a letter from the "Fraternal Order of Cowboys"—the largest organization of cowboys in existence—asking the names of Houston girls and women with whom they can exchange correspondence and "lighten life along the long, long trail."

"The boys" the letter continues "are fearless hunters of the mountain and desert, wild riders of the plains who spend many a lonesome hour on the range."

They all practice "brotherly preservation and devotion, knightly manner and broadness of character."

Heading the letter is the thrilling caption:

"Humanity calls from the wilderness. Will you answer?"

So far Mayor Halverton has not. He thinks it may be a publicity stunt of some Wild West Show.

EL PASO, Texas, Oct. 25.—Who says the men are not saying?

One with a consuming curiosity arloads of time took up the task he found out what men did with their coupons they get for purchases at chain cigar stores.

The answer was:

They hoard them carefully and eventually exchange them for horse supporters, shaving accessories, sometimes candy or other articles of the "only girl."

**IMMIGRATION BARS ARE UP TO STAY,
SAYS HEAD OF MACCABEES SOCIETY**

FIRST GLIMPSE OF AMERICA

CHICAGO — Immigration bars will never again be entirely let down to the people of all the world.

This is the belief of D. P. Markey, supreme commander of the Macabees who was interviewed here on the Forward Movement of that nation-wide organization, an Americanization project backed by its membership of nearly 300,000.

The existing law restricting immigration to 3 per cent expires June 30, 1924. Farsighted officials are seeking the enactment of a new law permitting the admission of 5 per cent of the number of aliens living in the United States in 1890. This will increase the number of aliens admitted annually about 12 per cent but will favor immigration from the United Kingdom, Germany and the Scandinavian countries, nations of the so-called Nordic race which have furnished the basic stock of the American people.

"Under the present law, the bulk of our new newcomers are from Southern Europe and the Near East. It is believed that this influx of 'cheap labor' has caused the punctuated reduction in immigration from Northern Europe. With national base,

proper revision of the law, I believe the Nordic peoples will be stimulated into emigrating to America."

The Forward Movement is a concerted effort among the Macabees to teach the principles of American citizenship and respect for American institutions to all peoples under the flag, native and foreign-born alike. The Macabees are one of the oldest and most influential fraternal societies in the United States and have recently placed their philanthropic activities on a

national basis.

GOING UP' CONVULSES
WRITERS AND EXPERTS

The Hollywood Writers' Club, whose membership role includes many of America's most famous authors, dramatists, actors and directors has announced Douglas MacLean's latest touring vehicle, "Going Up" the best picture ever previewed in the club's lecture-like Hollywood quarters.

"Going Up" was shown to the writers on the regular "preview night," it being the custom of the club members to assemble one night during each week to view new screen productions. From the first reel to the last the audience was kept in suspense and the comments at the

Hays; Theda Bara; Charles A. Brabin; Tom McNamara, creator of the "Us Boys" cartoons; Clara Barenberg and Josephine Quirk, scenario writers; Waldemar Young, president of the club, and many others.

"Going Up" features the program at the National theatre tomorrow.

OPERA HOUSE LAST NIGHT

"Dr. Jekyll and Mr. Hyde" drew another capacity house at the Opera House last night, and with this popular bill closing the present run tonight the management confidently expects the man at the box office to repeat his cheerful tidings of the two preceding engagements.

Without exception, this weird tale of a double personality, changing in the twinkling of an eyelash from the personification of all that is good and true in human nature to the embodiment of fiendishness in the nth degree, has proved the master production of the Ferguson Brothers Stock company. With the two stars in the leading roles which, in keeping with the other unusual features of the play, are high tragedy and pure comedy, the remaining members of the cast give effective support and put over a performance which as a whole has not been equalled by the company and could scarcely be excelled by a more pretentious organization.

The mechanics of the performance have not been overlooked, the scenic arrangement and electrical effects providing perfect setting for the players and their frequently bewildering action.

It was announced today that tonight will positively be the last performance of "Dr. Jekyll and Mr. Hyde," the new bill for Friday and Saturday "Call of the Woods" taking the boards. Special matinee Saturday.

Ray Richmond superintendent for the Humble Company was here Wednesday.

**Funds Solicited
For Pine Bluff
Maternity Home**

Captain Mary Williams is soliciting funds for the Maternity Home at Pine Bluff, Arkansas. She carries recommendations from the Governor of Arkansas and others identifying her in the work in behalf of the protestant home. The institution is maintained without cost to any girl brought by any doctor or any minister for treatment there, according to Captain Williams. She also states that no red tape methods are followed in reaching a decision as to whether a person is to be given aid or not. The institution has been a going concern for 12 years and the demands on it now are such that new buildings are to be built. For that reason, she says, the Board of Directors staged a campaign for funds, starting Sept. 19, for this purpose. She is here in the interest of the needed buildings. There are several institutions of this character in Texas also now calling for funds and needing the support of Texans.

Sportlights

By Jimmie Princeton seems to be the biggest threat of the big three this year but of course Yale and Harvard are looking forward to the annual clash which is now only about a month off. There was a time when Yale reigned supreme in this great classic. From 1902 to 1921 Yale lost only one game, winning seven, tying two and losing only one. But there is another side to the story since 1909 Harvard has lost only one game to Yale, there were also two ties in '10 and '11. Yale's only victory came in 1916 when Tad

Jones was running the team. Yale has the better backfield now but Harvard has the better line, it is most too early to do any forecasting but we believe a backfield is almost useless without a strong line.

Princeton has had a little better luck than either of the other Big Three teams, out of the last eight games divided equally between Yale and Harvard the Princeton Tigers have lost only one game. Three out of the last four from Yale have been victories, Harvard has lost two and tied two. How's that for record?

But with Princeton at the top along comes Notre Dame and defeats both the Army and Princeton in two successive Saturdays. This is a feat that no other western team has ever accomplished. Coach Rockne's Notre Dame squad will unquestionably be

the greatest team of the season if they can stand the November pace. They should have an easy time with Georgia Tech this weekend at South Bend. The Yellowjackets have nothing to boast of this year.

Baylor shows up exceptionally well this season but the first two weeks in November tell what they can do. If they can handle Texas A. & M. on Nov. 3rd and Texas University on Nov. 10th they can truthfully claim the title of the wonder team of the Southwest.

The 35 to 0 victory of S. M. U. over the Missouri School of Mines from Rolla made the Texas A. & M. boys sit up and take notice. Saturday's game may have a few more thrills than most us expect. Although the Aggies should not have very much trouble with the visitors.

**A Car of Greater Utility**

Thoroughly representative of the 1924 Buicks, this four-cylinder, five passenger Touring Car is new from end to end. Its new body, frame, fenders and radiator —its new Buick valve-in-head engine—its four-wheel brakes, all exemplify Buick's policy of building into its cars greater utility and satisfaction with each succeeding year.

The minute attention to those details that make for greater comfort and convenience is well expressed in the new windshield, new ventilator operated by a push lever, wide, low and tilted seats and compactly grouped instruments. This Buick four-cylinder Touring Car worthily maintains the Buick reputation—Standard of Comparison.

No Goat in the 1923 World SeriesBy HENRY L. FARRELL
(United Press Sports Editor)

NEW YORK, Oct. 25.—Rather strange to say, after recalling the list of unfortunates who won the unenvied title in the past, there was no outstanding goat of the 1923 world's series.

As there was no one player who stood out above all others by the brilliance of what he did, there also was no individual who could be pointed out for what he didn't do.

Babe Ruth had the most narrow escape from being elected to the order of Snodgrass, Zimmerman and others who will be known always for their bones in the world's series.

Only fate itself, as represented in the bat of Bob Meusel, prevented Ruth, the bust of 1921 and 1922, from becoming the champion goat of 1923.

Ruth was well on his way to ignominy when he fanned out in the eighth inning of the last game of the series with the bases filled and two runs needed to win the game.

His two home runs that won one game and his third homer that inspired the Yanks in the first inning of the last game would have been forgotten by his feat in duplicating the bust of the great Casey when the cards had been dealt out for him to become the greatest of all world's series heroes.

Ruth's failure to deliver at the most critical time in his career was forgotten when Bob Meusel lashed out a smashing single and won the game. Even though he had failed terribly in the pinch, Ruth could not be called a goat justly, when his team had won the game.

Just suppose that Ruth's fan-out in the pinch had lost the game for the Yanks and the Giants had won the series in the seventh, and deciding game that would have been necessary to settle the championship. You have an idea, bringing this picture to mind, what a colossal bust Babe Ruth would have been.

Republicans To Raise Large Campaign Fund In 1924

WASHINGTON, Oct. 25.—Speculation concerning the amount and the purpose of the big fund which the Republican National Committee has begun to gather for the forthcoming campaign includes a belief that the powerful interests now reaping the benefits of the Fordney-McCumber tariff will be among the most generous contributors. It is expected that these beneficiaries of "protection" will make large donations in the hope of continuing the Republican party in power and thus insure themselves against a repeal or a reduction of the present tariff.

There is no denial that the Republican National Committee has undertaken a "drive" for a considerable sum of money. This fact is so well known that they are compelled to admit it. The Committee's officials only deny that the objective of the campaign is a million dollars, and that quotas have been fixed for the several States. It remains true, nevertheless, that C. H. Huston, formerly Assistant Secretary of the Department of Commerce, has

taken charge of the "drive" and has an office and a force of clerks in the Washington headquarters of the Republican National Committee.

With the certainty of a fight for a lowering of the duties on many commodities—sugar, clothing, glass, etc.—when the next Congress convenes, it is forecast that the Republican Committee will have little difficulty in getting contributions from the interests which want the tariff on their products maintained at the present high levels. Whether or not the Republicans have decided to take advantage of this

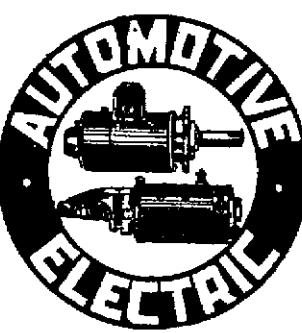

psychology among the recipients of "protection," it is pointed out that the financial harvest will be all the greater for the timeliness of the drive.

Democrats feel that their endeavors to reduce the tariff and thus lower the cost of living probably will help to swell the Republican campaign fund by offending the special interests now profiting by excessive tolls on their products, but they count on having the public with them in the struggle. The Republicans may get the fund they are seeking, the Democrats concede, but will lose millions of votes by

defending special interests at the expense of consumers.

CITATION BY PUBLICATION

THE STATE OF TEXAS,
To the Sheriff or any Constable of Limestone County—Greeting:

You are hereby commanded to summon Rufus Ellis by making publication of this Citation once in each week for three consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Limestone County, to be held at the Court House thereof, in Groesbeck, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of this notice, I, Whit Popejoy, Sheriff of Limestone County, Texas, will sell above described real estate situated in Limestone County, described as follows, towit:

October, 1923, by the District Court of said Limestone county, for the sum of Seven thousand, Two Hundred Sixty dollars and costs of suit, under a vendor's lien, in favor of J. Sanford Smith and Phil Karner, in a certain cause in said court No. 2885, and styled J. Sanford Smith and Phil Karner, vs. C. I. Spencer, A. R. Jameson and D. L. Campbell, placed in my hands for service, I, Whit Popejoy, as sheriff of Limestone County, Texas, did, on the 15th day of October, 1923, levy on certain real estate situated in Limestone County, Texas, described as follows, towit:

Being lots fourteen (14) fifteen (15) seventeen (17) and eighteen (18) in division S. in the city of Mexia, Limestone County, Texas, and levied upon as the property of C. I. Spencer, A. R. Jameson, and D. L. Campbell, and that defendant pursued a course of cruelty and abuse toward plaintiff that was of such a nature as to render their further living together insupportable. Defendant failed to support plaintiff, failing to supply her with either food or clothing; that he often abused plaintiff physically by fighting and whipping her, and that he associated with other women in adulterous actions.

Therefore, plaintiff prays that defendant be cited in terms of law to appear and answer, and upon hearing that she have judgment dissolving the bonds of matrimony between plaintiff and defendant.

Herein fail not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Groesbeck, Texas, this the 11th day of October, A. D. 1923.

JOHNSON WAKEFIELD, Clerk District Court, Limestone County, By RUBY LAWLEY, Deputy Oct. 12-19-26 Nov. 2

NOTICE OF SHERIFF'S SALE

THE STATE OF TEXAS
County of Limestone.

Notice is hereby given that by virtue of a certain order of sale issued out of the Honorable District Court of Limestone County, of the 12th day of October, 1923, by the District Clerk of said Limestone County for the sum of Eight Hundred Eighty 35-100 dollars and costs of suit, under a Vendor's Lien, in favor of H. W. Green, in a certain cause in said court, No. 3517-A and styled H. W. Green vs. Maud Whitley, Lena Mae Whitley, John Whitley, W. A. Green and Omie Green, placed in my hands for service, I, Whit Popejoy, Sheriff of Limestone County, Texas, will sell above described real estate situated in Limestone County, described as follows, towit:

All that certain lot or parcel of land being situated in Limestone County, Texas, and being 45 acres more or less out of the Pedra Varela Eleven League Grant, beginning at the corner of Bennett's land in the Groesbeck and Hubbard Road; Thence S. 60 W. 167 yards to a corner of the Abernathy tract; Thence N. 30 W. 257 yards to road; Thence on a direct line with said road to the beginning and levied upon as the property of Maud Whitley, Lena Mae Whitley, John Whitley, W. A. Green and Omie Green, and that on the first Tuesday in November 1923, the same being the 5th day of said month, at the court house door of Limestone County, in the town of Groesbeck, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of this notice, I, Whit Popejoy, Sheriff of Limestone County, Texas, will sell above described real estate situated in Limestone County, described as follows, towit:

Plaintiff alleges, that on October 25th, 1922 defendants made, executed and delivered to this plaintiff their certain promissory note for the sum of \$633.17, payable to the order of plaintiff at Mexia, Texas, due and payable on the 10th day of March, 1923 bearing interest at rate of 10% a year from its date until paid, and providing for 10% additional on the amount of principal and accrued interest as attorney's fee and to pay all expenses of collection and costs of court, if it should not be paid at maturity, whereby defendants became liable and bound, individually and collectively, to plaintiff and promised to pay to plaintiff the sum of money specified in said note, all accrued interest, and attorney fees and costs of collection, including court costs, according to the tenor and effect thereof.

That plaintiff has placed said note in the hands of attorneys for collection and has contracted and agreed to pay them 10% stipulated for in said note, same being reasonable and the usual and customary attorney fee in such matters. That said note is past due and unpaid; and defendants, though often requested, have failed and refused heretofore and now fail and refuse to pay said note or any part of it, to plaintiff's damage in the sum of \$1000.00, in that he has lost his principal sum, his interest thereon and the investment and earning power of said principal and interest since March 10th, last, and has contracted to pay the attorney fee provided for in said note and is under obligations to pay the court costs, etc.

Therefore, plaintiff prays the court that defendants be cited to appear and answer this petition, and

that he have judgment for his principal sum of \$633.17, for interest thereon since October 25th, 1923 at rate of 10% a year, for his attorney fees as provided for in said note, for his costs of suit, for all costs expended in this behalf, and for his damages over and above these items, making a total judgment of \$1000.00, and for such other and further relief, general and special, in equity and in law that plaintiff may be justly and legally entitled to, and honor bound will ever pray, etc.

Herein fail not, and have before said Court, on the said first day of the next term thereof, this Writ with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Groesbeck, this, the 11th day of October, A. D. 1923.

J. L. DAY, Clerk County Court Limestone County, Texas.
By ANNA BURNETT, Deputy.
Oct. 12-19-26 Nov. 2

CITATION BY PUBLICATION

THE STATE OF TEXAS

To the Sheriff or any Constable of Limestone County—Greeting:

You are hereby commanded to summon David Collins by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Limestone County, to be held at the court house thereof, in Groesbeck, Texas, on the 1st Monday in November A. D. 1923, the same being the 5th day of November, A. D. 1923, then and there to answer petition filed in said court on the 6th day of October, A. D. 1923, in a suit, numbered on the docket of said court as No. 3913-B, wherein Mamie Collins is plaintiff and David Collins is defendant and said petition alleging Plaintiff sues defendant for divorce on the grounds of abandonment for more than three years.

Herein fail not and have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court at office in Groesbeck, Texas, this the 25th day of July, 1923, in a suit numbered on the docket of said court No. 918, wherein D. A. Kerzoe is plaintiff and Jesse Bond and Abe Goodman are defendants.

The nature of the plaintiff's demand being as follows, towit:

Plaintiff alleges, that on October 25th, 1922 defendants made, executed and delivered to this plaintiff their certain promissory note for the sum of \$633.17, payable to the order of plaintiff at Mexia, Texas, due and payable on the 10th day of March, 1923 bearing interest at rate of 10% a year from its date until paid, and providing for 10% additional on the amount of principal and accrued interest as attorney's fee and to pay all expenses of collection and costs of court, if it should not be paid at maturity, whereby defendants became liable and bound, individually and collectively, to plaintiff and promised to pay to plaintiff the sum of money specified in said note, all accrued interest, and attorney fees and costs of collection, including court costs, according to the tenor and effect thereof.

That plaintiff has placed said note in the hands of attorneys for collection and has contracted and agreed to pay them 10% stipulated for in said note, same being reasonable and the usual and customary attorney fee in such matters. That said note is past due and unpaid; and defendants, though often requested, have failed and refused heretofore and now fail and refuse to pay said note or any part of it, to plaintiff's damage in the sum of \$1000.00, in that he has lost his principal sum, his interest thereon and the investment and earning power of said principal and interest since March 10th, last, and has contracted to pay the attorney fee provided for in said note and is under obligations to pay the court costs, etc.

Therefore, plaintiff prays the court that defendants be cited to appear and answer this petition, and

Groesbeck, Texas, this the 4th day of October, A. D. 1923.

Mexia Shrine Club To Issue Special Edition.

**Minstrel Monday By Shriners
To Be Well Advertised In A
Booster Edition Being Printed**

Advertising the Shrine Minstrel with a view of boosting Mexia, the Mexia Shrine Club Sunday will distribute a Special Shrine Club, 8-page newspaper. The editor is Sam J. Werner, who is also Secretary of the Mexia Shrine Club. Other members of the Editorial Staff are as follows: N. P. Houx, Associate Editor; Frank P. Werner, Art Editor; E. L. (Old) Crow, Comic Editor and W. C. Boyd, Publicity Manager.

The News Publishing Company is now busy with the publication. Mr. Werner states that the business men of the city have shown themselves very friendly toward the enterprise and all advertising space went as rapidly as he could see the local merchants and business leaders.

He assigned subjects to all local churches, to all local clubs, to the schools and to various other organizations and individuals here, with the request that they submit special articles for the Special Edition. Many of these have already responded and the edition now promises to be not only highly entertaining and interesting but helpful in setting forth the good features of this city.

The Minstrel that it advertises is to be held in the High School auditorium Monday night and a large attendance is expected.

The Special Edition will be given free to every citizen of Mexia, distribution to be made Sunday morning, and all visitors here Monday will also be given a copy.

The officers and honorary officers of the Mexia Shrine Club are given as follows:

E. G. Bolton, President.

C. Wallace Ween, First Vice President.

H. P. Forrester, Second Vice President.

L. I. (Old) Crow, Acting Vice President.

Sam B. Werner, Secretary.
A. H. Lubinck, Treasurer.
Honorary Vice Presidents:

H. O. Tatum, Wortham, Texas.
W. M. Upshaw, Teague, Texas.
Scott Reed, Groesbeck, Texas.
Jack Driver, Coolidge, Texas.

**Three New Wells
Come in at Powell**

Three more new producers have been brought in since Tuesday morning in the Powell pool of the Mexia district.

The No. 5 Crews of the Gulf Production Company came in with 496 barrels of oil an hour, or 12,000 barrels a day. Sweetman No. 1 of the Empire Company bailed dry at a sand depth of 2,966-74 feet. It is being drilled deeper. No. 4 Crews of the Humble Company swabbed in with

sixty-seven barrels an hour from a sand depth of 2,957-80 feet. The No. 8 Fleming of the Texas Company was completed with 250 barrels per hour from a sand depth of 2,938-64 feet. The Sims Oil Company's Rose No. 1 reached the bottom of the chalk formation at 2,520 feet. This is a very encouraging depth for chalk bottom. The location is on inside acreage.

Friday afternoon at 3:30 the Mexia Black Cats will "mix up" with the strong team from Groesbeck on the local gridiron. Last Friday's game rubbed the Black Cat's fur the wrong way and you know what a cat can do when its mad.

Blake Smith and L. E. Jones are visitors to Main today, where they are transacting business in the Chilton oil field.

OLYMPIC COUNCIL MEETS TODAY IN ALL DAY CAUCAS ON FUNDS

By HENRY L. FARRELL
(United Press Staff Correspondent)

NEW YORK, Oct. 25.—With the matter of funds the paramount concern, the executive committee of the American Olympic Association meets today in all day session to complete plans for the participation of the United States in the Paris games next summer.

The committee needs \$300,000 to transport to Paris and train and maintain a team there to represent America's interests in the big games.

There is not anything like \$300,000 in the Treasury and the committee must seek some way of getting the public interested in the drive for funds. All that is needed, the committee feels is to have the situation revealed to the sporting part of the public.

Colonel Robert M. Thompson, president of the Olympic committee is back after an extended stay in Paris where he completed all the arrangements for housing, feeding, training and entertaining the 200 or more athletes who will be carried with the team.

Colonel Thompson, with faith that the public will support the team, secured only the best for the athletes and if the funds are not available it will become necessary to change all the plans.

Remembering the complaints made by the athletes—justly so—about their accommodations in Antwerp, the committee decided to make its own arrangements for the comfort of the

team this year instead of leaving it to the Paris committee.

One of the most important items of business has to do with the discussion of the coaching staff and also the settling of dates and places for sectional and final trials.

Lawson Robertson, the University of Pennsylvania coach, it is understood, is being considered as the head coach for the next year's team. Robertson is competent, he was very popular with the team at the last Olympic and he is a disciplinarian.

Mr. and Mrs. J. E. Timmons are here from Prairie Hill.

E. Booth of Waco spent Wednesday and Wednesday night here.

Mrs. Benton Jones and Mrs. John Sweat were Waco visitors Wednesday.

J. Smith of Waco is a local business visitor today.

TWO DIE IN LOVERS QUARREL NEAR CAMERON

Nineteen True Bills Returned By Grand Jury

Aldrich Blake Testifies Against Walton

BLAKE STATE WALTON DECLARED MARTIAL LAW IN TULSA COUNTY WITHOUT INVESTIGATING RUMOR

OKLAHOMA CITY, Oct. 25.—Gov. Walton declared martial law in Tulsa county "when no cause or reason existed therefor." The House voted 77 to 14 for impeachment, covering that charge. Aldrich Blake testified that the "governor heard about whippings in Tulsa county and ordered me to declare martial law. I do not believe that he investigated very much."

At 2:45 this afternoon, no report had been received of the decision reached in the Supreme Court hearing at Oklahoma City, by whom it was to be decided whether or not the Oklahoma Senate has the authority to suspend the Governor. The Court was still in session.

SOUTHWESTERN CONFERENCE WILL OPEN SATURDAY

DALLAS, Texas, Oct. 25.—The Southwestern Conference campaign opens Friday afternoon at College Station for two teams as yet undefeated, neither of which has met a Conference rival, when the S. M. U. eleven battles the Texas Aggies on the home lot of the latter. This game starts S. M. U. well on its race for the Conference title as the following week, the Mustangs play T. C. U. at Dallas.

Coaches Morrison and Freeland leave for College Station tonight with a full squad of thirty men, with the expectation of putting a team in the field Friday that will for the first time this year have hit its real stride on offensive and defensive play. In the latter department, the Mustangs can match the achievement of A. & M. as their goal line has not been crossed this year by a hostile foot and only a field goal has been driven across their defense. The Aggies are not yet scored on and on previous showing possibly rate a more consistent offense.

S. M. U. has never been a team that permits itself to be beaten on paper and against A. & M., it has always played its hardest. The eligibility of "Blink" Bedford will improve the end play of the club and in addition Logan Stollenwerck may reach his real form against the Aggies. Bedford and "Stolley" were stars of the victory of S. M. U. at the Stadium last fall.

Here again is a case of one team that has been able to point for the Aggie battle as its first big clash of the season against a team that had to condition its men mentally for an early season battle with another strong rival—a condition that helps S. M. U. But on the other hand is the fact that the Aggies play on Kyle Field where only Howard Payne in a starting game has been able to defeat them in many a year.

Offensive power will probably settle the fortunes of Friday's game. Both clubs have uncovered exceptionally strong defenses this year. The S. M. U. as a field goal scoring machine is possibly the greatest threat since Stollenwerck, Pearson and Ingram, the three quarterbacks, can all boot goals from the thirty yard mark, while the Aggies' field goal threat is Hanna, a sub-linebacker.

Whoever wins Friday's game will get it by a close score—and the Conference title may be decided in this game.

Ginners Report Shows Decline For This Year

WASHINGTON, Oct. 25.—Cotton of the 1923 crop ginned to October 18, totaled 6,400,570 bales, including 17,904 round bales, counted as half bales, the Census Bureau announced. Last year 6,978,321 bales were ginned in the same period.

Tonkawa school appropriation was passed 70 to 26. The House cast a heavy vote upon Article 6, charging the suspension of the writ of habeas corpus, with \$5 for impeachment to 10 the negative.

The charge that the Governor prevented the meeting of the special session of the Legislature here Sept. 26, last summer. Number Five, a bill listed as No. 7, was approved by a ballot of 78 to 16.

Miss Mary Moore just smiled her way into first prize in the Blue Grass Beauty Contest, in Lexington, where fast horses and pretty women have made Kentucky famous.

COMMUNISTS MARCHING ON BERLIN SAYS REPORTS REACHING LONDON

STEEL MAGNATE PRAISES THE PRESIDENT IN FIRST SPEECH

NEW YORK, Oct. 25.—The hearty endorsement of the policies and record of President Coolidge was voiced by Judge Elbert H. Gray, president of the American Iron and Steel Institute, in his first address since the new chief executive took office. The speech was full of optimism for the business future. "No reason to fear there will be serious financial commercial disturbance or depression during the next few months if business men do their part and cooperate with the President," Judge Gray said. "America cannot afford to take sides in the European tangle, just now," he said, adding that the United States would not be dominated by European developments.

Mr. and Mrs. W. W. Jackson of Tehuacana were Dallas visitors Wednesday, where they went to carry their son to a specialist for treatment in that city.

LONDON, Oct. 25.—Communists are marching on Berlin, according to dispatches. Large bodies of communists are gathering at many places for the march, it is reported. Belgian soldiers have intervened in favor of the separatists in fighting for possession of Aix-la-Chapelle, another dispatch stated.

Dry Wolf's Home Is Dynamited by Gangster Enemy

YOUNGSTOWN, Ohio, Oct. 25.—The home of Dr. S.E. Conrad, State dry agent of Salem, was destroyed by a blast of dynamite early today.

Dr. and Mrs. Conrad and their daughter were badly shaken up but not severely injured.

The blast shattered windows in the Methodist church next door, and cracked windows in buildings for several blocks.

Dr. Conrad, known as the "dry wolf" of dry raiders, has figured in several sensational raids in Youngstown recently.

Police believe the explosion today was the work of bootleggers.

The regular weekly prayer meeting services were held in local churches last night.

Dual Tragedy Takes Place In Parlor At Meeks

CAMERON, Texas, Oct. 25.—Miss Hildreth Shulte and Carl Pretter were shot to death in the parlor of the girl's home last night. A lovers' quarrel is believed to be responsible. The tragedy occurred at Meeks.

LESS VENERATION FOR PROHIBITION LAWS THAN ANY OTHER BUT WAY OF BOOTLEGGER GROWS HARDER

Brings Sistine Choir for American Tour

Monsignor Don Antonio Relia, conductor of the famous Choir of the Sistine Chapel, in Rome, has just arrived in New York with his choir of 54 singers, for an American tour. The Sistine is the Pope's own choir, singing only at functions at which he officiates.

CHARLES FORBES SECLUDED WHILE INVESTIGATION OF BUREAU GOES ON

By DALE VAN EVERY

(United Press Staff Correspondent)

WASHINGTON, Oct. 25.—Investigation into alleged "scandalous conditions" in the Veterans Bureau marked time today, while both investigators and defenders sought additional supporting evidence to bring before the Senate select committee when it resumes the hearings next Monday.

Former head of the bureau, Colonel Charles R. Forbes, broken in health, weakened by illness and worry, was kept in deepest seclusion today. Medical advisers on account of the dangerous heart affection from which Forbes is suffering he be protected as much as possible from excitement and exertion, his place of retirement was kept secret even from most of his friends and from associates in the bureau.

It is likely that the Salesmanship club will interest itself in seeing that a representative delegation, enthusiastic for Mexia, will attend from the club.

The telegram is as follows:

"Corsicana extends to the members of salesmanship club and all business men of Mexia a cordial invitation to attend the annual convention of the Tenth Associated Advertising clubs of the world, comprising Texas, Louisiana, Arizona and New Mexico which meets here October 5, 6 and 7. This will be the opportunity of a lifetime for Mexia business men to cash in on such a wonderful business program for the modernizing of advertising and merchandising—Boye Martin."

We have made careful inspection of the jail and find it kept in a thoroughly sanitary condition and the prisoners as comfortable as their environments will permit.

In conclusion, we beg to express our grateful appreciation to Sheriff Popejoy and his official family for the splendid service rendered in executing orders placed in their hands; also to the Hon. Jas. Kimball, District Attorney, and Hon. Scott Reed, County Attorney, each of whom has rendered us timely and valuable assistance in the prosecution of our work.

We also beg to make grateful acknowledgment for the kind and courteous consideration received at the hands of Your Honor and now, having finished our labors, ask that we be finally discharged.

Respectfully submitted,
A. H. BERRY, Foreman.

MEETINGS TO MEET

FRIDAY AT NOON

The Mexia Lions Club will hold its regular weekly luncheon Friday at noon. An interesting program is being planned and a full attendance is hoped for.

Mrs. J. M. Howery is in the city from her home in Beaumont.

Lloyd George In Washington To Discuss Hughes Plan For Saving Europe With Its Author The U. S. Secretary Of State

By LAWRENCE MARTIN
(United Press Staff Correspondent)

WASHINGTON, Oct. 25.—Lloyd

George came to the American national capital today to discuss with its author, the Hughes plan, for saving Europe by settling the reparations problem upon a business basis.

Arriving at 8 a.m. Lloyd George was met at Union station by an assistant Secretary of State and a representative of the British Embassy. The program arranged in advance pro-

vided for a call on Secretary Hughes within an hour after arriving in Washington ton.

Lloyd George manifested great eagerness for this conference with Hughes. He wants to tell the Secretary of State his impressions of the American State of mind as he has seen it on his present tour. He wants to get from Hughes the latter's opinion as to the possibility of American ac-

tion in the near future to revive the Hughes plans for examination of

German's capacity to pay by an impartial economic commission.

Though he is not booked for any formal speeches while in Washington, Lloyd George will have a full program. After calling on Secretary Hughes today, he is to lunch with President Coolidge and tonight will dine with Secretary of the Treasury Mellon. Either today or tomorrow, he

Dame Margaret and Miss Megan will be the guests of Mr. and Mrs. Woodrow Wilson at tea.

GALVESTON, Texas, Oct. 25.—Belief that the steamer Peter B. Crowley, which sailed from this port Oct. 13 for Baltimore with a cargo of sulphur, had gone down in the fierce gales that swept the Atlantic coast Tuesday night was expressed in marine circles here today.

Officials of the Texas Gulf Sulphur Company which loaded the vessel here, have received no word from the ship since she sailed.

The Crowley carried a crew of 35. The ship was due in Baltimore Oct. 21st.

Mrs. Ben B. Jackson of Beaumont is visiting with friends in this city this week.

John T. McElroy was a business visitor to Coolidge Wednesday.

RENTALS IN MEXIA

The following letter has just been received from A. T. Schulz of this city:

Mexia, Texas, Oct. 23, 1923—

Editor Mexia News,

Dear Sir:

I regret that from your announcement a few days ago you have decided to stir up the matter of rents.

I have always thought and still think such matters are best settled between the individuals immediately involved.

There are always two sides to any question, this one is no exception.

In certain advertisements appearing in your paper lately and in the request to renters, as announced in your late issue, there is an intimation that landlords in general are profiteers and as to the advertisements, myself in particular, I ask you, as a matter of fairness to the landlords of Mexia and myself in particular, to print the enclosed statement.

If anyone doubts the correctness of it, they are at liberty to make any investigation, or submit it to their banker or any experienced man in such matters, for verification.

Statement

Schulz Building, next door West of City National Bank.

Assessed for taxes \$16,000.00

City, School, County and State

(rate \$5.25 per \$100) \$80.00

Income tax 260.00

Insurance 70.00

Deterioration, 2 per cent. 320.00

Total for year 1,690.00

Rented at \$300, per month

3,600.00

Less taxes, etc. 1,290.00

Net for year 1,310.00

Net for month 109.17

Rented at \$250 per month

3,000.00

Less taxes, etc. 1,690.00

Net for year 1,310.00

Net for month 109.17

Rented at \$200 per month

2,400.00

Less taxes, etc. 1,290.00

Net for year 710.00

Net for month 59.20

I believe a reasonable estimate of

the value of this property to be \$25,-

000, which at the rate of 8 per cent

should bring a net of \$2,000.00

as compared above with respectively

\$1910.00, \$1310, and \$710.

The present rental of the building

includes the whole lower floor of this building, 27x115 feet, including the large deck. Situated as it is next to one of the most desirable corners in the town, it is valued both for taxation and as a business proposition in proportion.

A. T. SCHULZ.

When Mr. Schulz, the writer of the above, submitted his article for publication in the Mexia Daily News, he was cordially and sincerely thanked for the interest and concern exhibited, for the spirit of fairness with which he ventured his proposition, and for the great interest he always exhibits on behalf of a better and bigger Mexia. The News had no intention of reflecting on the integrity of him or of any other landlord in Mexia; when it "intimated" that rentals were too high within the business district of Mexia.

Just as Mr. Schulz says, there are two sides to every question. Good citizens, therefore, may differ on matters of public weal and be friends fearless and fair. The News announced that it was to make a survey of the situation in the business district. This was merely to arrive at the real facts. With the facts before the landlords, the tenants and the public, then, nothing, but general good could result.

It is regrettable that any situation should ever obtain that would reflect discreditably and hurtfully upon the public when given in the press. The press owes a duty to the community, however, which impels it at times to publish the facts, regardless of where the chips falls, especially if permanent good is ultimately to be attained. The press was accused of remaining silent as to real conditions here, prior to a martial law and was charged with a dereliction of duty that resulted in the declaration of martial law in Mexia. Since then, aware of the great responsibility upon it, The News has not hesitated to discuss high water rates, high electric light rates, high power rates, as well as other evils that have menaced Mexia's prosperity and growth. As to rental, The News has been informed daily almost that business institutions here could not thrive on big business even and pay the rentals exacted of them unless a reduction in rent should be made. Deeming it wise not to inject personalities into the matter, a complete city survey was therefore accordingly decided upon.

Since Mr. Schulz has presented a

Building Bureau is an office maintained by the Y. M. C. A. in the U. S. and Canada where expert and capable architects are employed on salaries for the purpose of giving the best expert services at a minimum cost to associations building Y. M. C. A. buildings, charging only sufficient to pay the actual cost of this service, and this bureau is maintained without any profit. At the present time this office is supervising the construction of a Y. M. C. A. building in Fort Worth and San Antonio and are now making plans for another city for the largest and most complete Y. M. C. A. building ever constructed in Texas. These men make a study of the requirements of all sizes and classes of communities where Y. M. C. A. buildings are constructed and their services are obtained at a very small cost.

In the instance of Mexia, their advice has already been valuable to Mexia, and those in close touch with the situation consider it fortunate that the building too expensive, too large and too elaborate was not built some months ago and that the building now being planned will not oversize Mexia's needs.

For the information of those who have not been informed, the statement made from the Chamber of Commerce office that the International

particular case, however, and has given in it a very comprehensive argument in behalf of his side of the subject. Without any reflection upon his character and without accusing him of being a "profiteer," let us go into his statement in all fairness to him and only in real truth.

He has omitted at least one salient feature, unintentionally overlooked, to which The News desires to call attention; lest there be others who might also make the same honest mistake.

Mr. Schulz says that the "reasonable estimate of the value of this property" is \$25,000. "At the rate of 8 per cent should bring net \$2,000."

In another paragraph of the statement, it is revealed that this particular building is two stories in height. In the figures submitted, Mr. Schulz charges against the first floor, the taxes, insurance, income tax, and deterioration of the entire building.

The ground floor naturally should not be expected to pay for the upper stories, unless the entire building is rented by the ground floor tenant. Suppose the building was five stories high, certainly the ground floor tenant would not be charged on the basis of what the entire building and its expenses, in the things enumerated, was valued at and involved.

The News, however, refuses to act as a fair price committee in this case or any other instance. Mr. Schulz and the landlords live in a free country and have a right to make their own business transactions.

However, it is certainly proper for this publication to seek out the reasons, whatever they are, responsible for so many vacant business houses in Mexia, and thus strive to serve the community by helping to retain in this community institutions that are now wondering how long they can survive under present conditions.

Production of Motor Cars in Big Volume Requires Vast Resources and Facilities

The Studebaker Light-Six Touring Car

Top picture shows Plant 2 of The Studebaker Corporation, South Bend, where the Light-Six models are manufactured complete. The middle view shows Plant 1, also at South Bend, where the open and closed bodies, springs, windshields, etc., for all models are made. Studebaker's Detroit plants are not shown in the above illustrations.

STUDEBAKER'S production record of 110,510 cars for the first eight months of this year—surpassing the record for the entire year of 1922—has caused wide comment in motor and business circles.

In an effort to keep pace with demand, Studebaker produced, during the month of August, a total of 1,700 cars, which broke all records for a single month's production, and indications point to a continuation, heavy demand.

Such an achievement requires enormous physical and financial resources, an idea of which may be gained by the knowledge that Studebaker's actual net assets total \$30,000,000 including \$45,000,000 in plants.

Notable among these plants are the immense new factories at South Bend, Ind., in which the Light-Six models are manufactured complete. They reflect the results of six years' exhaustive investigation and study by construction engineers and production men, and are recognized as among the most modern and efficient manufacturing plants in the world.

Innovation In Assembly

One of the greatest advances the automobile industry has made has been in the direction of building motor cars of lighter weight without the sacrifice of strength, thus making them sturdy and serviceable, yet economical in operation.

The Studebaker Light-Six is a striking example of such a car, and every detail in connection with the arrangement of the various factory buildings, the selection and placing of machinery and stock has been inspired by the desire on the part of Studebaker engineers to manufacture the Light-Six on the most economical and efficient basis, and employs' restaurant.

to give the purchaser the benefit of savings effected.

One of the striking innovations and efficiency ideas in the new factory is to be found in the building where final assembly is carried on. Here an improvement on the familiar conveyor system used in automobile factories is employed.

Endless Chain to Completion

Moving along on an "endless chain" behind each frame upon which a car is assembled is a carrier upon which the various units that go into the car are hung.

These units, such as transmission, steering assembly, axles, etc., are stacked alongside the endless chain and placed on the carriers as they are completed.

When the last of these units is hung upon the carriers, the actual assembly of the complete car begins, under careful and expert supervision. An improvement upon the former method of long drawings, piecemeal assembly.

The arrangement of this progressive assembly also provides for the mechanical handling of all material, and it reduces to a minimum the cost and confusion of moving stock.

The sub-assembly building where the various units themselves are assembled is four stories high, of reinforced concrete construction,

and has an interior bay open to the roof. The bay is covered with a glass skylight, and is equipped with crane service and landing balconies on all floors for the quick and economical handling of materials.

The South Bend plants contain 4,875,000 square feet of floor space.

They employ 12,000 persons. The cost \$33,250,000. The South Bend forge plant cost \$4,000,000, the power plants \$2,500,000 and the assembly and stock plants cost \$5,000,000. The new foundries now under construction will cost over \$2,000,000.

PALACE THEATRE

"Abie" and "Bozo" are a scream from start to finish.

There will be an entire change of program which will run from Thursday to Saturday the title of the farce that will be presented for Thursday will be Step This Way, with all new songs and dances.

The American beauty chorus will offer a new song while Agnes Garry

present a new and novel opening introducing new steps.

Josephine Hart will offer a song and dance specialty that will be a novelty. Doris Gassaway will sing "Lovin' Sam" and will no doubt continue to be as big a hit as she is in the present bill. Chic Williams will offer a new song while Agnes Garry

will sing the "Firefly" Blues and will wear a new and stunning gown.

Jack (Bozo) Wylie will present a song and dance number assisted by the entire company, while one of the features of the entire show will be an acrobatic novelty by Jack Eddy and Little Alice Walters.

Cowboys In Need Of Champions

HOUSTON, Texas, Oct. 25.—Is the romance of the "five and ten" scenario dead?

Those who claim that it has been driven from the plains by the clatter-flavored hordes should read this.

Acting Mayor H. A. Halverton has received a letter from the "Fraternal Order of Cowboys"—the largest organization of cowboys in existence—asking the names of Houston girls and women with whom they can exchange correspondence and "lighten life along the long, long trail."

"The boys" the letter continues "are fearless hunters of the mountain and desert, wild riders of the plains who spend many a lonesome hour on the range."

They all practice "brotherly preservation and devotion, knightly manner and broadness of character."

EL PASO, Texas, Oct. 25.—Who says the men are not saving?

One with a consuming curiosity at loads of time took up the task of finding out what men did with the coupons they get for purchases at chain cigar stores.

The answer was:

They hoard them carefully and eventually exchange them for horse supporters, shaving accessories, sometimes candy or other articles of the "only girl."

WE CAN SUPPLY YOUR NEEDS IN THIS LINE. PEOPLE'S VARIETY STORE, 211 S. SHERMAN ST.

CITATION BY PUBLICATION
THE STATE OF TEXAS,
To the Sheriff of any Constable of

Limestone County—Greeting:
You are hereby commanded to summon S. W. Johnson, J. W. McWilliams, H. P. Tate by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Limestone County, to be helden at the Court House thereof, in Groesbeck, Texas, on the First Monday in November, A. D. 1923, the same being the 5th day of November, A. D. 1923, then and there to answer a petition filed in said Court on the 12th day of October, A. D. 1923, in a suit numbered on the docket of said Court as No. 4007-B, wherein A. E. Rosson and J. L. Cogdell are Plaintiffs and S. W. Johnson, O. L. Lusk, W. R. Jones, J. W. McWilliams, H. P. Tate, and Texas Trust Company are Defendants, and said petition alleging that on January 21, 1921, plaintiffs jointly executed a drilling contract and contract for leases to be executed and delivered to defendant, S. W. Johnson; that said contract is of record in Volume 111, page 206, deed records of Limestone County, Texas. That in pursuance of said contract plaintiffs did execute and deliver to S. W. Johnson (whose initials in A. E. Rosson instrument by inadvertence were reversed and show as W. S. Johnson) Oil and Gas leases covering Blocks or lots 5, 7, 12, 18, 19, 26, 27 and South half of Lots 20 and 25, and 200 acres out of the P. Lloyd and D. Varco surveys, together with lots 47, 48, 49, 50, 51, 52, 53, 54, 55 and 57 (as shown by map and plat of the A. E. Rosson 1073 acre ranch and a portion of the J. L. Cogdell Estate. That the total acreage of

both leases was 684 acres, 400 being out of the Rosson Estate and 234 out of J. L. Cogdell Estate, that the lease contracts are recorded in the deed records of Limestone County, Texas, in Vol. 112, page 173, and Vol. 113, page 387, which records give complete descriptions of the lands leased. Each of said leases provides as follows: "Should the first well drilled on the above described land be a dry hole, then and in that event if a second well is not begun on said land within twelve months thereafter, this lease shall terminate as to both parties, unless the lessee, on or before the expiration of said twelve months, shall resume the payment of rental in the same manner as hereinbefore provided."

That said S. W. Johnson and his assigns did drill one well on said lands in accordance with the conditions of said drilling contract and leases; that said well was finished and abandoned before and on the 18th day of August, 1921, same being a dry hole or non-producing well.

That no other well was begun on said premises until more than one year after the abandonment of said well on August 18th, 1921; that no one paid any rental on said land or any portion of it, on or before the expiration of one year after the said abandonment, nor has any one paid a rental thereon until this day, thereby forfeiting all rights under the said leases.

Plaintiffs further aver that said S. W. Johnson and his assigns assigned to defendants W. R. Jones, O. L. Lusk, J. W. McWilliams and Texas Trust Company, at several and diverse times various and diverse interests in various and different and in overlapping acreages covered by the above said leases and leased premises; that though some of them have assigned portions of their interest and released parts of their respective interests, yet each party named still holds in his name certain purported respective interests in parts of the above said premises and leased acreage, having failed and refused to release same in accordance with the law applying to lessees and their releasing such interest on forfeiture of same or an abandonment of efforts to develop same. That said H. P. Tate avers certain interests existing under a memorandum agreement between him self and W. C. Rosson, who had no legal right or power to bind said plaintiffs or either of them, thereby deriving no interest under any instrument of writing given and ex-

cuted by W. C. Rosson.

Plaintiffs aver that they have been damaged in a sum of \$500.00 in that they expended money and attorney fees in bringing this suit, as well as loss of time to themselves, all of which damage amounts to \$500.00 or more.

Wherefore, premises considered, plaintiffs pray the court that citation issue to defendants, and that upon a hearing that they be granted judgment declaring all said leases to S. W. (W. S.) Johnson, together with all assignments under said leases or either of them, null and void and of no further force or effect, and for judgment in the sum of \$500.00 as damages against defendants for their having failed and refused to release their purported interests in and to said lands, and for their costs in this behalf incurred, and such other relief as they may be entitled.

Herein Fail Not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Groesbeck, Texas, this the 12 day of October, A. D. 1923.

Johnson's Wakefield, Clerk,
District Court, Limestone County
By Ruby Lawley, Deputy.

**IMMIGRATION BARS ARE UP TO STAY,
SAYS HEAD OF MACCABEES SOCIETY**

FIRST GLIMPSE OF AMERICA

CHICAGO — Immigration bars will never again be entirely let down to the people of all the world. This is the belief of D. P. Markey, supreme commander of the Macabees who was interviewed here on the Forward Movement of that nation-wide organization, an Americanization project backed by its membership of nearly 300,000.

The existing law restricting immigration to 3 per cent expires June 30, 1924. Far-sighted officials are seeking the enactment of a new law permitting the admission of 5 per cent of the number of aliens living in the United States in 1890. This will increase the number of aliens admitted annually about 12 per cent but will favor immigration from the United Kingdom, Germany and the Scandinavian countries, nations of the so-called Nordic races which have furnished the basic stock of the American people.

"Under the present law, the bulk of our new newcomers are from Southern Europe and the Near East. It is believed that this influx of cheap labor has caused the pronounced reduction in immigration from Northern Europe. With

proper revision of the law, I believe the Nordic peoples will be stimulated into emigrating to America."

The Forward Movement is a concerted effort among the Macabees to teach the principles of American citizenship and respect for American institutions to all peoples under the flag, native and foreign-born alike. The Macabees are one of the oldest and most influential fraternal societies in the United States and have recently placed their philanthropic activities on a national basis.

"GOING UP" CONVULSES WRITERS AND EXPERTS

The Hollywood Writers' Club, whose membership role includes many of America's most famous authors, dramatists, actors and directors has honored Douglas MacLean's latest starring vehicle, "Going Up" the best picture ever previewed in the club's picturesquely Hollywood quarters.

"Going Up" was shown to the Writers' on the regular "preview night," it being the custom of the club members to assemble one night during each week to view new screen productions. From the first reel to the last the audience was kept in spasms of laughter and the comments at the

Hays; Theda Bara; Charles A. Brabin; Tom McNamara, creator of the "Us Boys" cartoons; Clara Barenberg and Josephine Quirk, scenario writers; Waldemar Young, president of the club, and many others.

"Going Up" features the program at the National theatre tomorrow.

OPERA HOUSE LAST NIGHT

"Dr. Jekyll and Mr. Hyde" drew another capacity house at the Opera House last night, and with this popular bill closing the present run to-night the management confidently expects the man at the box office to repeat his cheerful tidings of the two preceding engagements.

Without exception, this weird tale of a double personality, changing in the twinkling of an eyelash from the personification of all that is good and true in human nature to the embodiment of fiendishness in the nth degree, has proved the master production of the Ferguson Brothers Stock company. With the two stars in the leading roles which, in keeping with the other unusual features of the play, are high tragedy and pure comedy, the remaining members of the cast give effective support and put over a performance which as a whole has not been equalled by the company and could scarcely be excelled by a more pretentious organization.

The mechanics of the performance have not been overlooked, the scenic arrangement and electrical effects providing perfect setting for the players and they frequently bewildering action.

It was announced today that to-night will positively be the last performance of "Dr. Jekyll and Mr. Hyde," the new bill for Friday and Saturday "Call of the Woods" taking the boards. Special matinee Saturday.

Ray Richmond superintendent for the Humble Company was here Wednesday.

conclusion of the showing were the most enthusiastic ever brought forth by any picture presented at the club.

For several days following the review,

Mr. MacLean received a flood of telegrams and letters of appreciation and congratulations.

Because of the fact that the writers' club is composed of one of the most critical circle of authors and artists in America, the unanimous praise of the organization is regarded by those in the motion picture profession as the highest compliment that may be accorded any production. Among those present at the preview were such celebrities as Mrs. Leslie Carter; William DeMille; Thomas H. Patton, Hollywood representative of Will

**Funds Solicited
For Pine Bluff
Maternity Home**

Captain Mary Williams is soliciting funds for the Maternity Home at Pine Bluff, Arkansas. She carries recommendations from the Governor of Arkansas and others identifying her in the work in behalf of the protestant home. The institution is maintained without cost to any girl brought by any doctor or any minister for treatment there, according to Captain Williams. She also states that no red tape methods are followed in reaching a decision as to whether a person is to be given aid or not. The institution has been a going concern for 12 years and the demands on it now are such that new buildings are to be built. For that reason, she says, the Board of Directors staged a campaign for funds, starting Sept. 19, for this purpose. She is here in the interest of the needed buildings. There are several institutions of this character in Texas also now calling for funds and needing the support of Texans.

Sportlights

By Jimmie Princeton seems to be the biggest threat of the big three this year but of course Yale and Harvard are looking forward to the annual clash which is now only about a month off. There was a time when Yale reigned supreme in this great classic. From 1902 to 1921 Yale lost only one game, winning seven, tying two and losing only one. But there is another side to the story since 1909 Harvard has lost only one game to Yale, there were also two ties in '10 and '11. Yale's only victory came in 1916 when Tad

Jones was running the team. Yale has the better backfield now but Harvard has the better line, it is most too early to do any forecasting but we believe a backfield is almost useless without a strong line.

Princeton has had a little better luck than either of the other Big Three teams, out of the last eight games divided equally between Yale and Harvard the Princeton Tigers have lost only one game. Three out of the last four from Yale have been victories, Harvard has lost two and tied two. How's that for a record.

But with Princeton at the top along comes Notre Dame and defeats both the Army and Princeton in two successive Saturdays. This is a feat that no other western team has ever accomplished. Coach Rockne's Notre Dame squad will unquestionably be

the greatest team of the season if they can stand the November pace. They should have an easy time with Georgia Tech this week-end at South Bend. The Yellowjackets have nothing to boast of this year.

Baylor shows up exceptionally well this season but the first two weeks in November tell what they can do. If they can handle Texas A. & M. on Nov. 3rd and Texas University on Nov. 10th they can truthfully claim the title of the wonder team of the Southwest.

The 35 to 0 victory of S. M. U. over the Missouri School of Mines from Rolla made the Texas A. & M. boys sit up and take notice. Saturday's game may have a few more thrills than most us expect. Although the Aggies should not have very much trouble with the visitors.

**A Car of Greater Utility**

Thoroughly representative of the 1924 Buicks, this four-cylinder, five passenger Touring Car is new from end to end. Its new body, frame, fenders and radiator —its new Buick valve-in-head engine—its four-wheel brakes, all exemplify Buick's policy of building into its cars greater utility and satisfaction with each succeeding year.

The minute attention to those details that make for greater comfort and convenience is well expressed in the new windshield, new ventilator operated by a push lever, wide, low and tilted seats and compactly grouped instruments. This Buick four-cylinder Touring Car worthily maintains the Buick reputation—Standard of Comparison.

No Goat in the 1923 World SeriesBy HENRY L. FARRELL
(United Press Sports Editor)

NEW YORK, Oct. 25.—Rather strange to say, after recalling the list of unfortunates who won the unenvied title in the past, there was no outstanding goat of the 1923 world's series.

As there was no one player who stood out above all others by the brilliance of what he did, there also was no individual who could be pointed out for what he didn't do.

Babe Ruth had the most narrow escape from being elected to the order of Snodgrass, Zimmerman and others who will be known always for their bones in the world's series.

Only fate itself, as represented in the bat of Bob Meusel, prevented Ruth, the bust of 1921 and 1922, from becoming the champion goat of 1923.

Ruth was well on his way to ignominy when he fanned out in the eighth inning of the last game of the series with the bases filled and two runs needed to win the game.

Traveled 1,000 Miles on 35¢

EL PASO, Texas, Oct. 25.—Nathan Pierce, 19-year-old El Paso youth, with a half dollar in his jeans, grew tired of his job in his brother's garage and set out for parts other than Southwestern Texas. Kansas City was his ultimate destination.

The youthful traveler rode passenger trains—blind baggage—as far as Amarillo, Texas. The sheriff housed him for one night and Nathan started afoul the next day.

He worked for farmers for his board and room while his brother, A. L. Pierce, garage owner, had passes hunting the desert wastes west of El Paso for some trace of Nathan.

Finally, Nathan's employer, a farmer, learned that the big brother in El Paso was hunting for Nathan. So the farmer notified authorities and Nathan was returned to his old job. He arrived in El Paso with 15 cents of his original, half dollar capital and had traveled 1,000 miles during the four weeks he was gone.

LEAKY ROOF COSTS
THIS MAN \$25.00

NEW YORK, Oct. 24.—"The roof is leaking, turn in a fire alarm," shouted a woman on the top floor of a tenement during a storm here last night. Michael McGrath, on the ground floor, compiled.

When six fire companies had clangled up to the corner he explained that a woman on the top floor wanted the roof fixed.

Today McGrath was fined \$25.

Mexia Shrine Club To Issue Special Edition.

**Minstrel Monday By Shriners
To Be Well Advertised In A
Booster Edition Being Printed**

Advertising the Shrine Minstrel and with a view of boosting Mexia, the Mexia Shrine Club Sunday will distribute a Special Shrine Club, 8-page newspaper. The editor is Sam J. Werner, who is also Secretary of the Mexia Shrine Club. Other members of the Editorial Staff are as follows: N. P. Houx, Associate Editor; Frank P. Werner, Art Editor; E. (Old) Crow, Comic Editor and W. L. Boyd, Publicity Manager.

The News Publishing Company is now busy with the publication. Mr. Werner states that the business men of the city have shown themselves very friendly toward the enterprise and all advertising space went as rapidly as he could see the local merchants and business leaders.

He assigned subjects to all local churches, to all local clubs, to the schools and to various other organizations and individuals here, with the request that they submit special articles for the Special Edition. Many of these have already responded and the edition now promises to be not only highly entertaining and interesting but helpful in setting forth the good features of this city.

The Minstrel that it advertises is to be held in the High School auditorium Monday night and a large attendance is expected.

The Special Edition will be given free to every citizen of Mexia, distribution to be made Sunday morning, and all visitors here Monday will also be given a copy.

The officers and honorary officers of the Mexia Shrine Club are given as follows:

Frank C. Bolton, President.
F. Wallace Welch, First Vice President.

R. P. Forrest, Second Vice President.

E. L. (Old) Crow, Acting Vice President.

Sam B. Werner, Secretary.
A. H. Eubanks, Treasurer.
Honorary Vice Presidents:

H. O. Tatum, Wortham, Texas.
W. M. Upshaw, Teague, Texas.
Scott Reed, Groesbeck, Texas.
Jack Driver, Coolidge, Texas.

Three New Wells Come in at Powell

Three more new producers have been brought in since Tuesday morning in the Powell pool of the Mexia district.

The No. 5 Crews of the Gulf Production Company came in with 496 barrels of oil an hour, or 12,000 barrels a day. Sweetman No. 1 of the Empire Company bailed dry at a sand depth of 2,966-74 feet. It is being drilled deeper. No. 4 Crews of

the Humble Company swabbed in with

sixty-seven barrels an hour from a sand depth of 2,957-80 feet. The No. 8 Fleming of the Texas Company was completed with 250 barrels per hour from a sand depth of 2,938-64 feet.

The Sims Oil Company's Rose No.

reached the bottom of the chalk formation at 2,520 feet. This is a very encouraging depth for chalk bottom.

The location is on inside acreage.

Friday afternoon at 3:30 the Mexia Black Cats will "mix up" with the strong team from Groesbeck on the local gridiron. Last Friday's game rubbed the Black Cat's fur the wrong way and you know what a cat can do when its mad.

Blake Smith and L. E. Jones are visitors to Marlin today, where they are transacting business in the Chil-

ton oil field.

Blake Smith and L. E. Jones are visitors to Marlin today, where they are transacting business in the Chilton oil field.

OLYMPIC COUNCIL MEETS TODAY IN ALL DAY CAUCAS ON FUNDS

By HENRY L. FARRELL
(United Press Staff Correspondent)

NEW YORK, Oct. 25.—With the matter of funds the paramount concern, the executive committee of the American Olympic Association meets today in all day session to complete plans for the participation of the United States in the Paris games next summer.

The committee needs \$300,000 to transport to Paris and train and maintain a team there to represent America's interests in the big games.

There is not anything like \$300,000 in the treasury and the committee must seek some way of getting the public interested in the drive for funds. All that is needed, the committee feels is to have the situation revealed to the sporting part of the public.

Colonel Robert M. Thompson, president of the Olympic committee is back after an extended stay in Paris where he completed all the arrangements for housing, feeding, training and entertaining the 200 or more athletes who will be carried with the team.

Colonel Thompson, with faith that the public will support the team, secured only the best for the athletes and if the funds are not available it will become necessary to change all the plans.

Remembering the complaints made by the athletes, justly so—about their accommodations in Antwerp, the committee decided to make its own arrangements for the comfort of the

team this year instead of leaving it to the Paris committee.

One of the most important items of business has to do with the discussion of the coaching staff and also the settling of dates and places for sectional and final trials.

Lawson Robertson, the University of Pennsylvania coach, it is understood, is being considered as the head coach for the next year's team. Robertson is competent, he was very popular with the team at the last Olympics and he is a disciplinarian.

Mr. and Mrs. J. E. Timmons are here from Prairie Hill.

E. Booth of Waco spent Wednesday and Wednesday night here.

Mrs. Benton Jones and Mrs. John Swatt were Waco visitors Wednesday.

J. Smith of Waco is a local business visitor today.
